### **Abstract**

The article presents the dynamics of key indicators of the Russian economy in 2020. The main achievements and failures of economic development are outlined. The prospects for the development of the national economy in 2021 are considered separately.

I would like to express my deep gratitude to my colleagues from MEI RAS for their help in preparing this article: cand. of sci. (Econ.) Usmanov D.I., researcher Zoidov Z.K., researcher Yankauskas K.S.

**Keywords:** *«pandemic» crisis, oil prices, government support measures, macroeconomic stability, business activity indicators, growth incentives*

*The article was prepared with the financial support of the Russian Foundation for Basic Research (Project No.20-010-00544 A).*
